*High School*

High School. The doors of knowledge are opened, and the foundation of life is set. Throughout our younger years the building blocks of life are put up. Then once in high school, we begin stacking these blocks to open the mind and prepare it for adulthood.

This is one of the most trying, yet best times in a person's life; the youthful child grows into a mature adult, ready to take on the world. At Central High School, the student is prepared to accept this battle, and succeed.

"We Lead" is Central's motto. And we do, thanks to the variety of courses, clubs, sports, and people. Central's students learn to accept others and to be individuals. You spread your own wings and are the best that you can be, while you enjoy life and appreciate the beauty of the world. That is where your separate traits merge to become one self.

After high school, you become an adult, like it or not. At Central you have the freedom to make friends and experience life fully. You learn to accept responsibility, yet enjoy the privileges of being young. When the time comes you can say goodbye to your friends and your youth; move on to be an adult. You have experienced the good with the bad. One day you will look back upon high school and realize that it was "The Time of Your Life."

Don't the years just seem to fly by? Before you know it you are a freshman in high school and things are going to be different! For the first time in ages you have no idea where first period is — you'd just like to know where you're going. The worst part is being considered second-class, because you are a measly freshman; you used to be TOP-DOG at Miller. BOY ARE THINGS DIFFERENT!

Some of the sophomores still feel like the new kid on the block. At Lanier B you can't even get through the halls to begin the search for the right class. When you finally find the room you realize it's been almost ten minutes since the last bell rang. To compound the anxiety the class you have been searching for is biology — the class you've been dreading all summer.

Juniors are often frustrated because the seniors have privileges and are all ready enjoying the honor. As a junior you do have more responsibilities than either a sophomore or a freshman — you start making the foundation for the rest of your life. SCARY!! In less than two years you are going to be out there on your own.

Then you're finally a senior! There are senior privileges — leaving on the first bell, the senior porch, going to first lunch, and having the Lanier B parking lot to yourselves. A senior must decide what to do after June 6. College? The Armed Forces? Full-time employment? Now that's when you realize the importance of the time you put into your classes. All twelve years have prepared you for life after graduation. Seniors realize that our teachers were right, all doors are open and the opportunities are endless. Often you wish you had listened a little more so that you would be more prepared. After June 6 things are going to be different! BOY ARE THEY GOING TO BE DIFFERENT! Where to now?

# T imes a wastin

We have all experienced some sort of procrastination. The last minute project that's due tomorrow, those newspaper articles you did this morning, that test you forgot about. It's everywhere, at school and even at home. You know your room has to be clean before you go off this weekend — why do we wait until the last minute to try and get everything done?

It puts so much stress on us. We try to do it all in one day! For some of us, procrastination may be the only way we ever get things done. But maybe our lives would be a lot less hectic if we kept up with things day by day ...

Ready, set, go! and the students are off! It's 2:15, the bell has rung and locker doors are opening and slamming. Loud voices sound down the hall as everyone pushes and shoves to get out of the building. Soon the halls are empty, waiting for tomorrow and another busy day.

Although the halls are empty, the campus grounds are filled with hoards of people and cars. The parking lots are mass confusion as everyone tries to leave. But first there are a few obstacles in the way. Everyone hates those speed breakers, "Who needs them!?", you say. So in trying to avoid them you take a curb instead.

Then there are those who do not drive and are forced to wait for a ride from an upperclassman, a parent, or worst of all, the dreaded school bus. But hey, riding "the big cheese" is not all that bad as long as you get your seat in the back of the bus. At least you get to catch up on all of the day's gossip; and as for taking the curbs, those bus drivers are pros. They know just when to hit the curb so that all of your books fall off the rack and the third person on the seat falls on the floor.

So, no matter what the method of transportation is, everyone eventually leaves. Finally the campus grounds are cleared and silence awaits a whole new day of the ever-popular "ratrace."

# FASHIONABLY ON

# T IME

Just like time, fashions at Central change, and this year at Central the styles are much more mature and sophisticated. Accessories that adorn Central students this year are bold-face watches, peace earrings and pins, scarves, and many different types of earrings, rings, and necklaces.

This year the Central students are setting the pace of future fashions. Not only are these students coming up with new fashions, like long skirts and dresses, slouchie boots, and baggy jeans, but are bringing back old fashions, like pennie loafers, and tie-dyed shirts.

These are just a few styles that have been observed this year at Central. But like the many different types of fashions, the students at Central are different too. The personalities at Central are too unique to have a set style of clothing.

From where we sit the students at Central High School are doing a great job in a fashionable point of view, SO KEEP IT UP!

Life after school! This is where the interesting answers are found. What does the average student do with his precious time? A great deal of the students work to pay for such "necessities" as clothes, cars, and tapes. Some of the luckier students have the time to just go shopping or look for something to do.

Homework is the after-school event that most students least care for. The time and amount is determined by the teacher and the class. Sometimes the student takes this into their own hands by not doing any at all.

Basically, a student's time off is spent doing what he enjoys the most. It's his time and he wants to make the most of it. Here are some examples of students enjoying their time off . . .

1. Time-out for shooting baskets.
2. Take it easy on that sandwich, Ron!
3. Leslie Hodge and Amy James relax during lunch.
4. Band students find time off . . .
5. "This looks like a great place to visit.
6. Janelle Peale takes a quiet moment.
7. PIG OUT!
8. "Looks okay from here — "

The chill of winter is losing its bite, the gentle breezes seem to be fresher, the sun is feeling warmer and the smiles of those you pass on the street seem to be brighter. It's Cherry Blossom time in Macon, Georgia. Pink flags begin appearing around the city, downtown parks are spruced up for spring, and pink fashions appear in dress shop windows. Why, even the streets themselves bloom with blossoms. But it doesn't really happen overnight as it may seem. Plans have been underway since the end of the last Festival.

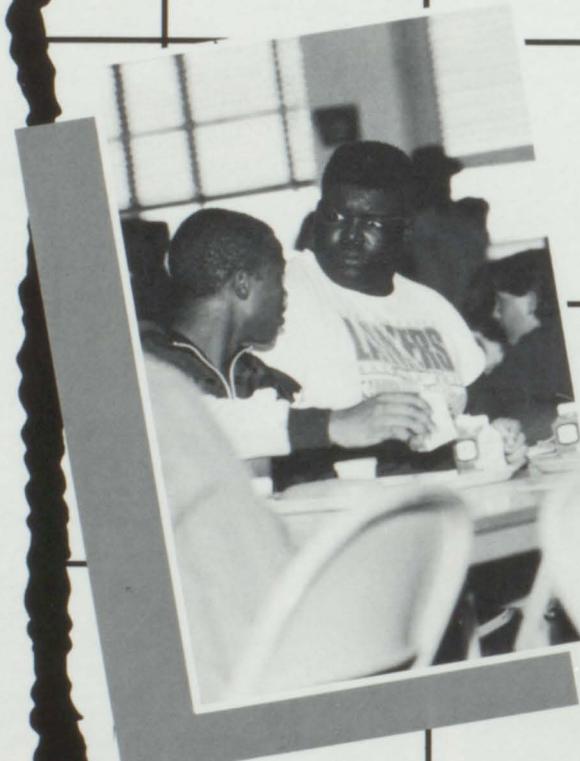

Over 115,000 blooming Yoshino Cherry trees make the Macon, Georgia Cherry Blossom Festival a spectacular sight to see in March. Each year the Cherry Blossom Festival features a different country bringing dignitaries, exhibits and sharing cultural performances with Middle Georgia residents and visitors to our city. From Hot Air Balloon races to symphony concerts to parades, the Festival is a fun-filled two weeks of non-stop entertainment and fun for the entire city. — courtesy of Carolyn Crayton

2. The trees aren't the only things blooming in Macon.
3. Send in the clowns, there ought to be clowns.
4. "I love a parade!"
5. Hey Macon, why don't you throw me a party like this?
6. They have the Cherry Blossom spirit!

The first day of school has finally arrived. You are so-o nervous. You make it to school and are filled with confidence in yourself. (YOU HOPE YOU ARE ANYWAY!) Then all of a sudden you're lost, you can't find anything. You ask someone and he gives you the wrong directions. Finally after you've been shoved around and pushed aside, you find your class. You think to yourself PLEASE let this day end!

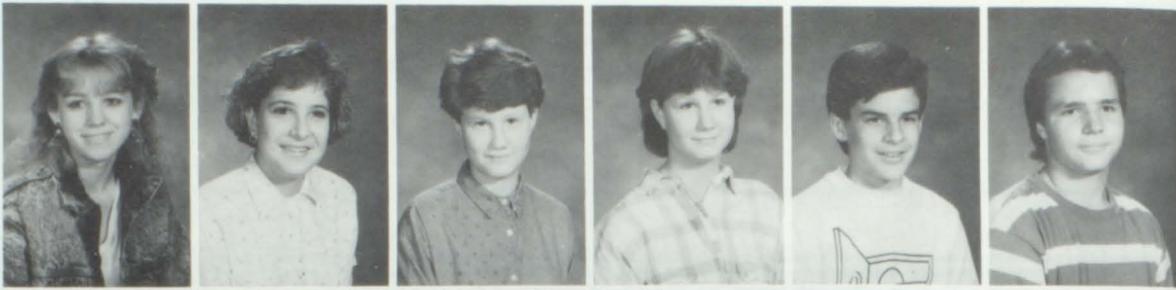

Being a freshman is like starting school all over again. Then you gain a little dignity by being a sophomore, and you grow more comfortable with yourself. Juniors settle in a little more; you become anxious as you approach your senior year. Then you are there, finally on top. But soon you will return to the fear of starting over once more.

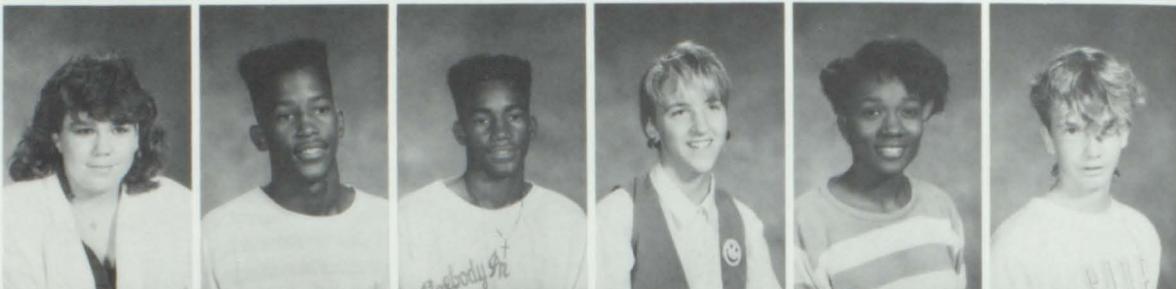

1. "Wait Catherine, there's more!"
2. "Boy are you crazy!"
3. And the zombies march on.
4. The Senior porch can be nice, if you find the right place.
5. Jeffrey Lawrence is in deep concentration ...

So this is the year, you're a senior! It's funny to look back on the past and remember everything that has happened to you; the grades, the pain. All is forgiven and forgotten now that you are in your final year.

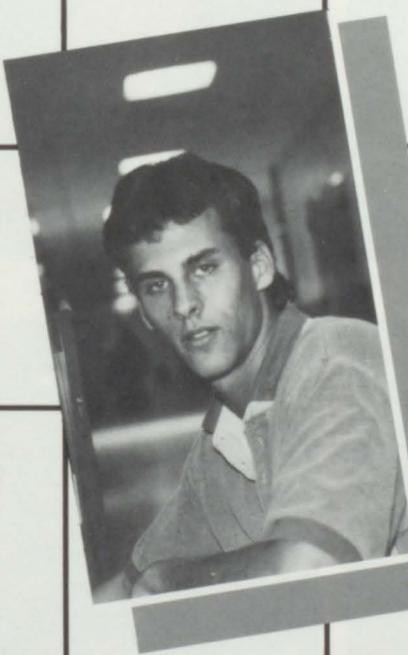

This is a year of big plans for the future and a time of remembrance. This is a time of happiness, of graduating, and sadness of leaving friends. This is a time of pleasure, knowing that you made it and are prepared for life after high school.

This year is an important time in your life that you'll never forget. Don't let it slip by without getting everything possible out of it. This is your year!

In October, the Pegasus staff held a mock election. The results show that Michael Dukakis won by a margin of 90 votes. Interviews were conducted with students. Kevin Fussell remarked, "Bush is a fullfledged capitalist. He believes in nothing more than a government run by the people and for the people." Matt Stone says, "I'm for Bush, I'm not sure why . . ."

"I'm for Dukakis; Bush supports only the wealthy . . ." was Annonda O'Neal's feeling. Matthew Davis insists that we need a president like Dukakis, "not one who will break the law by selling arms to a terrorist nation or fill the coffers of a Panamanian drug dealer."

# Honors

Sun.

Here at Central, our many activities encourage students to excel. Senior Superlatives and Selections honor outstanding 12th grade students. An exceptional senior student and teacher are recognized every year by the Star Student Program. There are other ways that students have been recognized. Central has had in the past years a representative in the Junior Miss Program. We applaud these students for showing true Charger Pride through excellence.

1. "Are you absolutely sure about that?"
2. School "daze."
3. The class of '89 — you're in Big Orange Country now!
4. Hey, what's going on, guys?!
5. I'd rather blow bubbles than study anyway . . .

## Senior Superlatives

The 1989 Senior Superlatives are most definitely the cream of the crop. To gain this title, each Superlative must have been nominated by a teacher, have a 2.75 grade-point average, and compete with other nominees for the most activities. The nominees are then voted on by the Senior class.

# FOREIGN EXCHANGE

Each year Central has exchange students from around the world. This year is no exception. We have two foreign exchange students — one from Finland and the other from West Germany.

Christina Schilling was familiar with America before she even arrived. She stated that she had "A lot of good friends in Germany who have been Exchange students in America; they told me about this country . . ." She says that Americans act a little differently than she had expected. But that doesn't bother her.

Our school system is run quite differently than in West Berlin. She attended grammar school for six years and afterward you have a choice of three different schools. The first is the "Hauptschule" which is the lowest of the three and you go for three more years after grammar school. Second is the "Realschule" which is a little harder requiring four more years of schooling. The third, a "Gymnasium", the most difficult, requires another seven years. The "Gymnasium" is the only school that allows the students the option of college.

Finally, she said that she is really enjoying her visit to America because of the many nice friends she has met. When asked if she would like to come back to America, she said, "Sure I will come back."

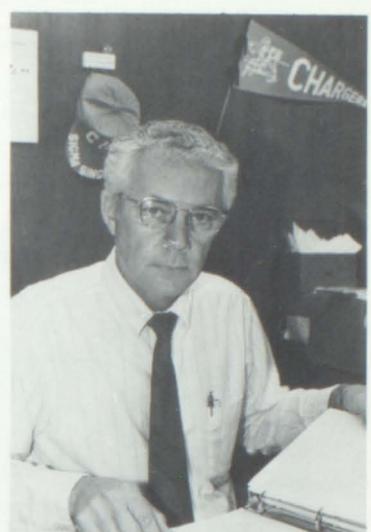

Pasi Miettinen is a 17 year-old from Finland. He is from a town called Rajani, located in the central part of the country. He is staying with Kevin Reid, a senior here at Central.

Pasi had a "realistic view of America" before he came here because many of his friends have been here, and they had told him about it. When he got here, one of his first impressions was "friendly southern people who are very nice." He says it has been easy for him to meet people here.

Pasi generally likes the American lifestyle, and he really enjoys being here, but he says, "Every country has good and bad sides." He also likes Central, but says it is a lot different from the schools in Finland. His school in Finland has only about 500 students, compared to more than 2,000 here. Also, Finnish high school isn't compulsory.

Like most high school students, Pasi likes music, sports, traveling, and spending time with his friends. He wants to go to college, where he will decide what he wants to do in life.

# *Macon's Junior Miss 1989 Lisa Phillips*

Lisa Phillips was named Macon's Junior Miss for 1989. She attended Georgia's Junior Miss and competed for the title of Georgia's Junior Miss 1989. Junior Miss is unlike other pageants; it is a Scholarship Program and not a beauty pageant. All Junior Misses receive a scholarship to be used at the college of their choice. The judging criteria for Junior Miss is based on Scholastic Achievement, Judges' Interview, Creative and Performing Arts, Physical Fitness, and Poise and Appearance. Three of the past four Macon's Junior Misses have attended Central; Angela Kendall — 1986, Natalie New — 1988, and this year Lisa Phillips. Above, Lisa Phillips congratulates Georgia's Junior Miss 1989, Tia Smith.

# Cherry Blossom '89

## Time For Central To Bloom!

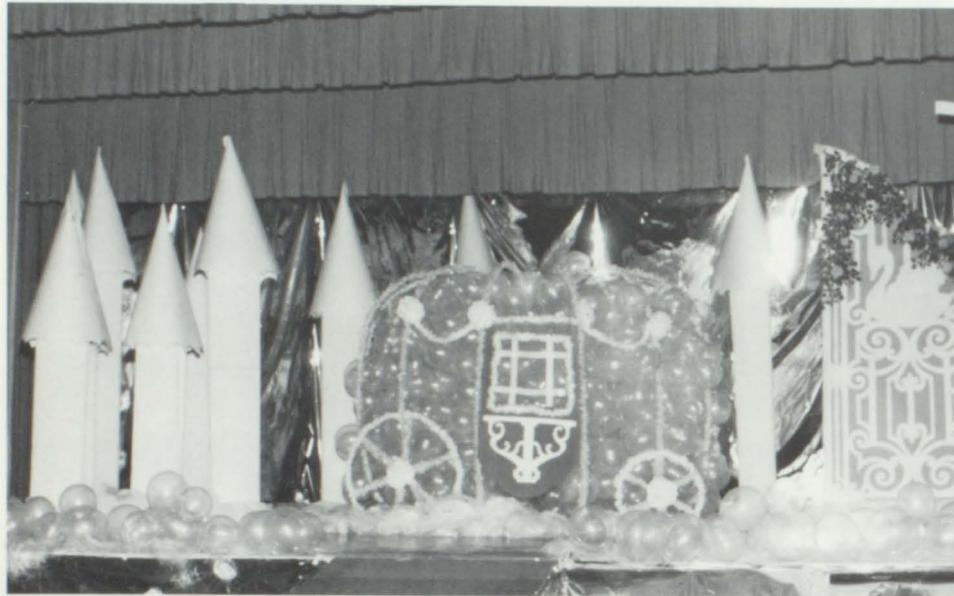

On January 7, 1989 thirty-five junior and senior girls competed for the title of 1989 Cherry Blossom Queen and princesses. Central had ten girls in the pageant, the most from any school. Lisa Phillips was crowned a Cherry Blossom Princess. The girls competed in a judges' interview and evening-gown competition.

The Queen and Princesses served as Goodwill Ambassadors for the Cherry Blossom Festival and the City of Macon. They attended the Cherry Blossom Ball and rode in the Cherry Blossom Parade. Phillips said, "I feel it is an honor to represent Macon and the Cherry Blossom Festival; I am excited and looking forward to a great year as a Princess. I hope to have the privilege of crowning someone from Central next year so that we can carry on the tradition of a Central student being either a Cherry Blossom Princess or the Queen."

Left to right — Rhonda Carby, Ann Garrett, Dana Harbin, Trudy Harpin, Cayce Hawkins, Dana Lewis, Lisa Phillips, Becca Rowell, Karen Stewart, Mindy Trawick.

"Everything that could go wrong did!" These were the exact words from Mrs. Ryle about the 1988 prom, "Once Upon A Dream". It was held on Friday, May 13, which was a bad coincidence to begin with.

On this day it rained, and decorations fell down and apart. By 8:00 that night, however, no one could have guessed the trials and errors of the day. About 550 people attended this affair at the City Auditorium.

A few of the highlights during this exciting night were the coronations of Jay Jackson and Charita Clay for king and queen. First runners-up were Cab Baldwin and Lynetta Clay.

The prom only comes around once a year, and those who attended will have lasting memories from the night, "Once Upon A Dream".

The Central Chargers beat the Hephzibah Rebels by a score of 30 to 0. The Chargers dominated the game from the very start. Central controlled the game completely with both the running game and the passing game. The key running backs were sophomore William Cliett, who rushed for 113 yards, and junior Cedric Lyons, who rushed for 100 yards. The combination of quarterback Victor Griffin and wide receiver Carlos Dorn led the passing attack. Griffin had 61 and 46 yard touchdown passes to Dorn. Left guard Adrain Brown led the offensive linemen with great blocking. Kicker Joey Hiller also had a great night with three successful extra point attempts, a 30 yard field goal and a 43.5 yard punting average. On defense the powerful Chargers were led by defensive tackle Paris Harvey and inside linebackers Paul Vinson and Randy Solomon.

6. Trey Ogle and Sean Cody show that Sugarbear Spirit.
7. Victor Griffin fakes to Bernard Evans and gets ready to sweep right.
8. Kayle Jackson and Randy Solomon punish an opponent.
9. Cedric Lyons dives for that extra yardage.
10. Michael Harper receives play instructions from Coach Simonton.
11. Paris Harvey puts a beating on one of his opponents.

# Homecoming Dream!

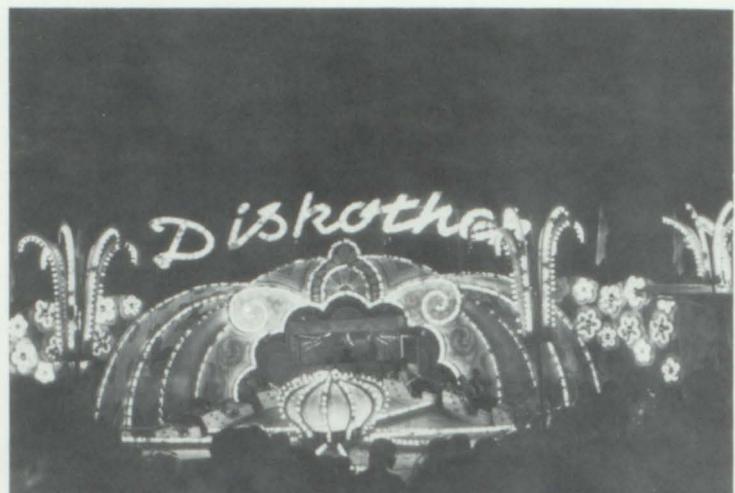

"I Dreamed a Dream", Homecoming 1988, a night which Marcus Swayne and Lisa Phillips will never forget. On October 14, 1988 at Porter Stadium, they were crowned Mr. and Miss Central. The rest of the Miss Central Court included first runner up Corinthia Holliman, second runner up Shanta Zimmer, Brenna Billingslea, Sandra Preston, and Mindy Trawick. First runner up for Mr. Central was Seth Bush, second runner up was Tony Jones; other court members were Gary Blodgett, Scott Mitchell, and Adam Shaw. At the pregame show, Mr. and Miss Junior, Jamie Bostic and Earnesta Green, Mr. and Miss Sophomore, Donny Mays and Christy Gresham, Mr. and Miss Freshman, Adonis Thomas and Tandessa Jackson were presented. The Sugarbear Band formed the traditional heart and TSA let balloons go upon the announcement of Mr. and Miss Central. Everyone involved worked hard to make this year's Homecoming a fantastic success.

The fair is something that everyone looks forward to!! All the Bibb County public school students get a holiday on the first day of the fair. This year many people didn't enjoy the fair as much as they used to. Some said it's getting smaller and smaller with fewer rides each time. Others said they've just out-grown going to the fair. Many people enjoy going to eat and watching people waste their money on all the games. But a wide variety of people can always be seen at the Georgia State Fair, and that's worth the three-dollar admission!

There is an added benefit of learning new things while you are enjoying yourself. Without its clubs, Central just would not be the same. They give us the chance to develop interests and hobbies as well as enriching academics.

# CENTRAL'S

# R.O.T.C.

The Central High School JROTC is noted as one of the oldest JROTC units in America, and ranks in the top 20% across the country. The Central High School JROTC started in 1917 when Central was a school for boys; for fifty years JROTC was a required class.

Through the years the JROTC classes at Central have become a tradition. In March there is a Military Ball. On parade days everyone has his Brass sparkling, and we can also see the Golden Boots "show their stuff" in a drill meet.

JROTC is a part in many students' lives at Central, and they will never forget the times they've had.

The faculty at Central is the most important part of the school. Where would we be without them? They give us the knowledge we will need in the future. They keep up with all of our records. They do whatever they can to help us have a great year at school.

We usually don't acknowledge our faculty, but we need to. They do a great job and we should be VERY proud of them. Day in and day out they constantly grade papers, make up tests, and try to do things that make their class a little different from all the others.

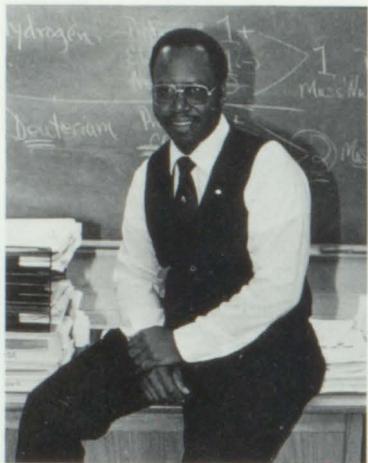

Each faculty member has his own unique way of showing us he cares about us and our future. We thank all the faculty and we do appreciate you!

# Sports

Mon.

Tues.

The sports programs at Central High are very important to the student body. They enable us to participate in activities which are fun and exciting. The programs allow us to contribute to our school, giving great publicity.

Athletics at Central provide success. Our school has had its ups and downs, but the sports staff at Central is full of bright and able coaches. They provide our athletes the training needed for collegiate scholarship offers.

At Central, we enjoy football, softball, and cross country in the fall; basketball and wrestling in the winter; baseball, track, tennis, and golf in the spring. We have something for all.

Ann,

You're a wonderful daughter, and  
you have a special way of bringing  
love to others through the things you  
do and say.

And what you've brought to others  
you've brought to our lives too ...

We are so very thankful for a daughter as special as  
you.

To My Dear Daughter, Lisa

You will never know the joy that you brought into my life eighteen years ago. It seems like only yesterday that you were a tiny baby and suddenly you are a mature young lady.

I shall always cherish the special happy times we've shared. When you cried, I cried; when you laughed, I laughed; your problems were my problems; your joys were my joys; and your special events were my special events.

Though I would like to take credit for your sweet nature and thoughtfulness, I realize you did this on your own. My heart swells with pride as I have seen you excel in your high school career. You have worked hard and it has paid off. It seems everything you touched turned to gold.

And now, my heart is saddened by the realization that the next few years may find us apart from each other as you are about to enter your college career. However, be assured I will always be there when you need me. Remember, stand up for what you believe in, keep your beautiful smile and never stop believing in yourself. YOU'RE A WINNER!!!

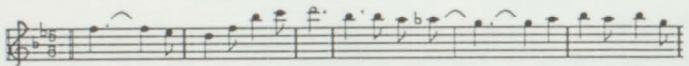

Congratualtions! May God keep and bless you. I Love You.

All My Love Forever,  
Mom

# Seems like almost everybody wants to come to MERCER.

**LOCAL RESIDENTS** get a whopping 35% savings! High school graduates from Bibb, Houston, Jones, Twiggs, Peach, Crawford and Monroe counties automatically qualify for Mercer's \$1503 a year tuition grant. Macon College graduates, Middle Georgia College graduates, and adults age 30 and over also qualify. We also offer Financial Aid and Academic Scholarships Packages.

**PLUS STATE GRANT.** Area high school graduates who are residents of the State of Georgia also receive a yearly \$900 grant for attending a private institution. In all, area students can attend Mercer for 35% less.

**SAVE HUNDREDS MORE YEARLY.** As a student living at home and commuting to Mercer, you save you and your family hundreds of dollars normally spent on long distance travel, residence hall rent, cafeteria costs, and all the other "away-to-college" expenses.

**DIVERSITY WITHOUT THE CROWD.** Mercer University is one of the most diversified private Universities in the Southeast. Macon Campuses: • Liberal Arts • Business and Economics • Engineering • Law • Medicine.

"Daughter" is a lovely word that always brings to mind memories of the happiest and very warmest kind! Happily remembering the little girl you used to be, proudly recognizing the young woman you've become.

Congratulations and good luck,  
Love Mom and Daddy

(See pages 134-145)

The Army ROTC Program was initiated in 1917 by the teaching faculty. The students drilled with wooden rifles. During 1919 the federal government chartered JROTC in some high schools across the country — Lanier became chartered during that first year. The program was required of all students who were physically fit for fifty years 1919-1970. The program was made an elective during school year 1970-71 and the school's name was changed to Central. The Central program has been named "Honor Unit with Distinction" during its entire history, which is the highest ranking given by the United States Army to cadet programs.

The ROTC Department assists several local charities in their fund drives for the needy in the community.

## *Seniors Sign!*

Many signatures from the 1989 class reunion are included in this collection. The signatures are arranged in a grid-like pattern, with some signatures overlapping or written in a cursive style. The names are varied and reflect the diverse interests and backgrounds of the class members.

Each year the *Pegasus* sponsors a contest between classes 9-12 to buy the most yearbooks. The results are tallied on a percentage basis. This year the class of 1989 won. Congratulations, Seniors! "Good Luck" from the *Pegasus* 1989 staff.

### Times of your life

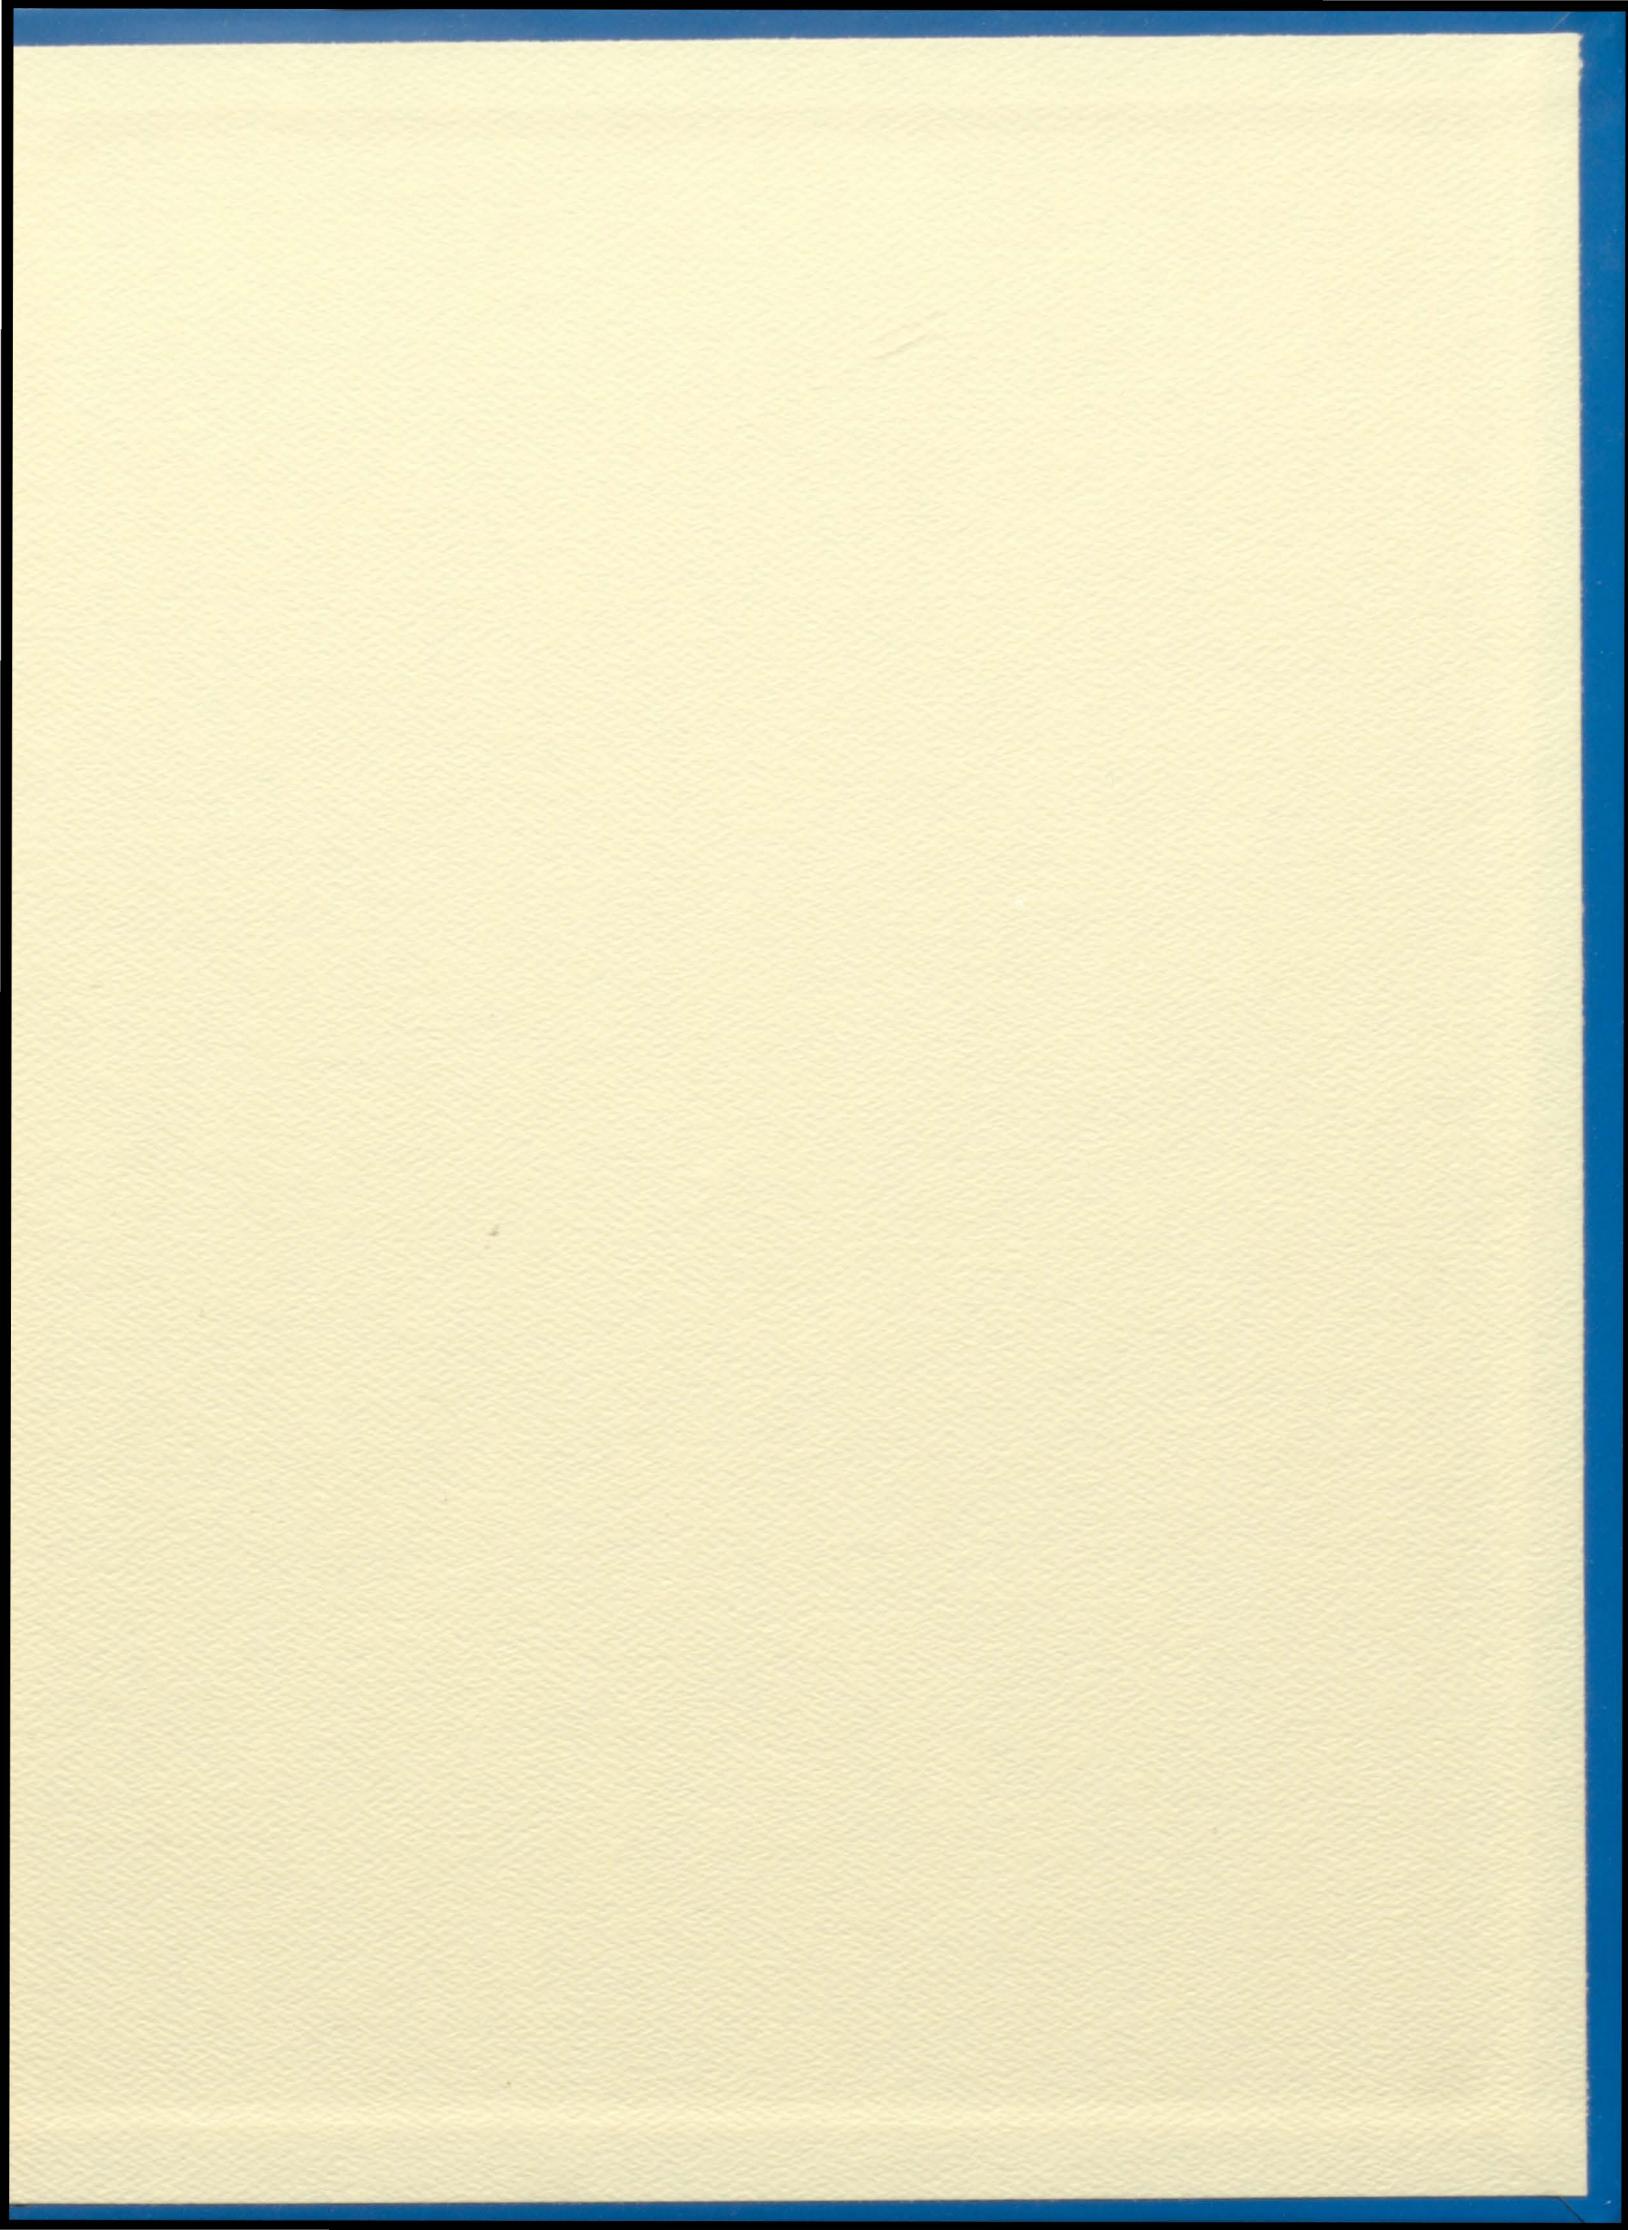

The school year, 1988-1989, has come to an end. Where did it go? Somehow in the blur of sports events, pep rallies, club meetings, library research projects, and final exams, it slipped past us.

It has been a good year, and its events have been captured and recorded for future reminiscences. Vivid scenes come to mind now as we recall our year together — the good feeling that comes from knowing we're prepared for that major test, the uncontrollable panic when we realized our math homework was still lying on the kitchen table, the happy chattering of friends as we stood in line in the lunch room or walked between classes. Some moments will remain clear forever; others will fade from memory. It is our hope that this record of our year together will trigger the recall of all our successes and warm friendships.

Such recall is an important part of our growing into adulthood and its responsibilities. We've learned the importance of being adequately prepared and the success and self-assurance such preparation can bring. We know how to avoid that panic over forgotten math homework by keeping our lives and duties in order. We will always cherish the friendship of our high school years and see the necessity of maintaining those relationships as well as establishing new ones. Only from these experiences can we profit and grow into what we dream to be. The world awaits us — and we are ready.
